The attention of HERALD readers, both gentlemen and ladies, is called to the notice published in this evening's issue by J. W. Crate.

The Sol de Mayo reports that Gen. Andres Michel, of the Mexican army, who was stationed in Matamoros for several years, is seriously ill at Mexico City.

The well known piano agent, A. Nordman, solicits orders. Tuning or repairing pianos and guarantees first-class work. Also sells high-grade pianos. Leave orders at Miller Hotel.

The schooner Pierce Simpson came inside the bar at Brazos Santiago Saturday evening and began lightening her cargo yesterday. Six cars of her freight came up last evening, and more will arrive this evening.

If the weather permits a grand serenade will be given in Matamoros at the Plaza de Hidalgo Wednesday night in celebration of the national holiday, Feb. 5, being the anniversary of the adoption of the Mexican Constitution of 1858.

A revival meeting has been conducted lately by Rev. Reid Hale at the Baptist Mission, with large congregations nightly. Three converts were made, and the site of baptism was administered to them this afternoon at three o'clock, in the lagoon at Fort Brown.

An interesting contribution relating an incident of early days on this border has been received by THE HERALD, and will be published tomorrow. A communication on vaccination and small-pox was also crowded out of today's issue, but will appear in a day or two.

The wrecked schooner Caroline is going to pieces on Brazos island. The captain and crew are still on the island, trying to save what they can of the lumber which washes ashore. The Caroline had just come off the docks at Lake Charles, after a thorough overhauling, before sailing on this trip.

This afternoon, as Manuel Zuniga, a carpenter, was on the roof of an outhouse in the rear of THE HERALD building, making some repairs, he was struck on the head by a bullet fired by some unknown person. Fortunately the ball glanced on the skull and inflicted only a scalp wound, which, however, was quite painful. Dr. Kirkham attended to the wound and served it up. Who fired the ball and why it was done is a mystery. The wound was apparently made by a small bullet, probably a thirty-two calibre. It may have been accidentally inflicted by someone firing at random. If so, the person who did it should, at least, pay the bill for the surgeon's services, as Zuniga is very poor. The police are investigating the matter.

District Court.

District court was opened at ten o'clock this morning, Hon. Stanley Welch, presiding, and the following officers being present: John I. Kleiber, district attorney; Louis Kowalski, district clerk; Celestino Garza, sheriff.

The grand jury was empanelled, as follows: Benj. Kowalski, foreman, H. Sherwood, J. P. Cottingham, R. Stillman, L. H. Bates, E. M. L. Williams, W. S. Corkhill, E. B. Raymond, Tomas Trevino, Praxedis Orbe, Santos Valdez, sr., A. Bollack.

Santos Valdez, jr., was appointed interpreter, and the following were appointed bailiffs: Jas. Connor, Hipolito Tamayo, Geo. Connor, Martin Ramos, Marcos Sanchez.

The following members of the bar were present, Judge Wells, W. N. Parks, E. H. Goodrich, R. B. Greager, A. Celaya, E. K. Goodrich, W. J. Russell, Judge Bartlett.

After the preliminaries of organization were completed, Hon. J. B. Wells addressed the court, regarding the death of the late R. B. Rentfro, who was for so long a leading member of this bar. In a few well chosen sentences he expressed his appreciation of the qualities of the deceased lawyer, and of the loss sustained by this district in his death, and moved that a committee be appointed by the court to draft resolutions upon the death of Mr. Rentfro, and also that the court should adjourn until tomorrow, in respect to his memory. The motion was seconded by W. N. Parks, who also made a brief speech, paying high tribute to the deceased member of the bar. In accordance with the said motion, Judge Welch appointed a committee to draft such resolutions, Judge Wells, W. N. Parks and W. J. Russell being named. Court was then adjourned, in respect to the late Mr. Rentfro, until tomorrow morning at 10 o'clock.

The grand jury also adjourned until tomorrow.

Will Bore for Oil at

Soto La Marina.

The move to develop the oil land of the Soto La Marina tract, which was inaugurated last summer by Ricardo Bennevento, one of Matamoros' best known and most enterprising men, has now reached a definite form, and the enterprise will probably soon be in active operation. Mr. Bennevento informs THE HERALD that he and Mr. Hall, the oil expert who has been here for some time investigating the matter, will shortly go to Victoria, the capital of Tamaulipas to secure a charter for their company. They will also obtain permission to import the necessary machinery for boring.

Mr. Bennevento hopes to have all arrangements completed and be ready to begin boring for oil within three or four months. The field to be developed lies about thirty-six miles below Matamoros near the coast. It is said to possess very strong indications of oil and the promoters are very sanguine of success.

THE MEXICAN NATIONAL.

Report That the Southern Pacific Acquires it.

A dispatch from Austin of Jan. 31 says advices received there which are seemingly reliable state that the Southern Pacific company has secured control of the Mexican National railroad, including the Texas-Mexican line, and will take possession as soon as the work of broadening the gauge on the latter road is completed. This is said to explain the recent alliance between the Atansas Pass and Mexican National for the interchange of Mexican business at Corpus Christi and Alice.

RETURNED TO DETROIT.

Railroad Men Gone, But Promise to Return.

The Corpus Christi Eagle of last Friday says:

"Col. A. Ross Melunes and party left Victoria this morning for Detroit, Michigan.

"Before leaving, Col. Melunes had a long conference with our citizens railroad committee over the long distance telephone, thus disproving the current local reports that the committee had been ignored by him. Col. Melunes' departure was hastened by urgent business that demanded his immediate attention. He will return to Texas in a few days and will then confer more fully with our people on the subject of the proposed road."

Good Babies.

If the mother is strong and well the baby will be so, too, in almost every case—and a healthy baby is a "good" baby. Mothers who use

G. F. P.

GERSTLE'S FEMALE PANACEA regularly for some time before childbirth always have an "easy time" and give birth to a healthy child. It heals and strengthens all of the sexual organs, and supplies an extra quantity of rich, pure blood for the nourishment of the unborn child.

CURED MENTAL TROUBLE AND DROPSY.

A few weeks before our second child was born, three years ago, my wife had local dropsy very bad. We had two good doctors with her but she was not relieved. Her mind became affected and we sent her to the asylum at Bolivar, Tenn., and at the end of four months we brought her home sound and well. But last summer, just before our third child was born, the dropsy again appeared and we were very uneasy about her. We gave her G. F. P. (Gerstle's Female Panacea) and I am glad to say the dropsy disappeared and she is sound and well, and has a fine, healthy boy baby.

GIVES G. F. P. THE CREDIT.

I write you this to let you know that I am using your G. F. P. (Gerstle's Female Panacea) and am progressing finely. I believe it to be the best medicine in the world for whites. I am soon to become a mother and give your G. F. P. credit for it all.
